

Laboratoires ACTIVA's Well Being and Chrono Next Generation Nutritional Supplements Products are seeking U.S. Market Partners

- **Laboratoires Activa** is a 20 years old innovative company that holds its own R&D, manufacturing, marketing and commercial operations in France to develop and sell innovative proprietary formulations and combinations of standardize plant extracts.
- **Activa's unique and patented technology platform** combines engineered blends of 4 to 5 different plant extracts, encapsulated in a control-release semi-permeable membrane, presented in a clear, all-vegetal, capsule. The design of such membrane allows the controlled released of the actives in the intestines, resulting in immediate or delayed effect depending on the product strategy. Additional benefit include odor-masking, pediatric formulation, increased stability and shelf life.
- **Current sales are growing by +40% in the EU**, and U.S. sales are poised for growth (< \$100k for now)
- **Product Market Price is ~\$29.95 per box (30/45 caps)** and wholesale retail/list price is **\$9.70 to \$11.70 per box** (volume or strategic pricing is possible).
